

British Standard Nightlatch

Anti-Drill

Anti-Saw

Anti-Bump

Anti-Pick

Yale British Standard Nightlatches offer the maximum level of protection against known attack methods, resisting: drill, pick, card and bump attack techniques. Its 20mm projection latch features an anti-saw bolt, increasing its strength and protecting the door from saw attack methods.

Insurance approved and secured by design (a recommended product by police), the Yale BS1 nightlatch is kitemarked to the insurance required BS3621:2007 and complies with BS EN 12209 and BS EN 1303:2005.

Specification

- Complies to BS EN 12209:2003 & BS EN 1303:2005
